Empower individuals with comprehensive
technical knowledge and enrich their skills in
jewellery appraisal, contributing to the growth
and excellence of the gem and jewellery industry

Specialized in providing high-quality technical
training programs that cover various aspects
of jewellery appraisal. Our programs are
meticulously designed to equip the participants
with the expertise needed to accurately assess
the value, quality, and authenticity of precious
gemstones and Jewellerys.

We offer an unique re-appraisal service
tailored to the needs of banks and NBFCs. In
alignment with audit requirements, we assist
financial institutions in conducting complete re-
appraisals of their gold loan assets. Our certified
appraisers meticulously assess and re-value
jewellery to ensure accurate asset valuation,
supporting transparency and compliance.

Empower
your employees with

Advanced Technical Skills in Jewellery Appraisal

Key Achievements

- Approval by the "Bharat Sevak Samaj" underlines our credibility and alignment with government standards.
- One of our proud moments was the collaboration with the Tamil Nadu Cooperative Union. Through a competitive bidding process, we secured the opportunity to train students across 27 institutes of Cooperative Management in Tamil Nadu. These students were pursuing Diploma in Cooperative Management, and our expertise in jewellery appraisal techniques became a part of their curriculum. We were entrusted with the responsibility of training these students, enriching their knowledge in jewellery appraisal as a subject.
- Training of numerous students who have Successful become skilled jewellery appraisers.
- Collaboration with Citi Union Bank and Tamilnadu Mercantile bank to train their Branch Managers.
- We are the regular service Provide for re appraising of jewell loan assets to the Pondicherry Co-operative urban Banks.

Benefits to Your organisation

- Empower your employees with advanced technical skills, boosting their confidence and efficiency in jewellery appraisal.
- Strengthen your team's ability to accurately assess and value precious gemstones and jewellery.
- Ensure accurate and up-to-date valuation of gold loan assets, in line with audit requirements.
- Mitigate risks associated with inaccurate asset valuation and support sound decision-making.

Over the years, we have trained over 30,000 students, enabling them to excel in their careers within the gem and jewellery sector. Our commitment to excellence and dedication to providing top-notch training has earned us a reputable standing in the industry.

Corporate programs for Employee Development:
